## SKILLS

PYTHON  
SPRINGBOOT  
MYSQL  
ANGULAR  
HTML  
CSS  
JAVA SCRIPT  
REACT.JS

## EDUCATION

Dr.K.V.Subbareddy Institute of Technology,Kurnool

**B.Tech - EEE** 2021 - 2024  
GPA : 7.9

Govt.Polytechnic College ,Anantapur

**Diploma - EEE** 2018 - 2021  
GPA:8.3

Rishitha E.M.High School ,Anantapur

**SSC** 2017 - 2018  
GPA:9.8

## ACHIEVEMENTS

- Received the PDAC certificate as a Python Developer, showcasing validated skills and proficiency in Python programming, with Certificate ID PDAC@23004878AK9985Z.hzk5604.

## PROFILE

Skilled in developing dynamic and scalable web applications with expertise in Python, MySQL, HTML, CSS, Angular, and React.js. Experienced in creating responsive user interfaces and optimizing seamless user experiences. Proficient in integrating front-end and back-end technologies to build robust, efficient, and maintainable solutions. Committed to continuous skill development and adopting emerging tools to enhance software quality. Excels in collaborative team environments, tackling complex challenges, and delivering impactful results.

## PROJECTS

### Online Bus Ticket Booking System

- Engineered a robust system for bus ticket booking and management, integrating key features like user authentication, dynamic seat selection, and booking confirmation.
- Key Contributions:**
- Core Development:** Implemented application logic using Java to ensure smooth functionality.
- Dynamic UI Design:** Developed user-friendly, interactive web pages with JSP.
- Server-Side Operations:** Handled HTTP requests and responses efficiently with Servlets.
- Database Integration:** Executed database interactions and optimized queries using JDBC.
- Data Management:** Structured and maintained user and booking data with MySQL.

### Online Car Service Booking :

- Developed a comprehensive online car service booking system featuring user authentication, doorstep service, and a seamless user experience.
- Key Contributions:**
- Interactive Frontend:** Designed and implemented a dynamic user interface using Angular for enhanced usability.
- Backend Development:** Built and integrated secure and efficient APIs using Spring Boot to handle core functionality.
- Database Management:** Utilized MySQL to store and manage user information, service bookings, and related data.

## INTERNSHIP

Talent Sprint

02/2024 - 08/2024

### Full Stack Java Developer Intern

- Gained hands-on experience in designing and developing responsive, user-friendly web applications using HTML, CSS, JavaScript, and React.js.
- Applied modern front-end technologies to create dynamic interfaces and enhance user engagement.
- Strengthened skills in full-stack development and gained practical insights into industry best practices.
- Improved proficiency in building scalable and interactive web applications, contributing to real-world projects.
