SKILLS

- **Technical Skills & Languages:**
- **Core Web Technologies:**
HTML5, CSS3, JavaScript
- **Front-end Frameworks/Libraries:**
React, Angular, Boot
- **Backend Knowledge :**
Node.js, Python, PHP, Spring Bootstrap.
- **Databases:**
MySQL, MongoDB,
- **Version Control:**
Git
- **Responsive Design:**
Experience in creating websites that adapt to different screen sizes.
- **APIs:**
RESTful APIs
- **Tools:**
VS Code, Eclipse

EDUCATION

Dr.K.V.Subbareddy Institute of Technology,Kurnool

B.Tech - EEE 2021 - 2024
GPA : 7.9

Govt.Polytechnic College ,Anantapur

Diploma - EEE 2018 - 2021
GPA:8.3

Rishitha E.M.High School ,Anantapur

SSC 2017 - 2018
GPA:9.8

Achievements

TCS iON Career Edge – Young Professional Certification

A comprehensive professional development program covering communication skills, resume writing, interview preparation, business etiquette, and foundational concepts in IT and Artificial Intelligence.

PROFILE

Motivated and detail-oriented Web Developer with strong knowledge in building dynamic web applications using Flask, MySQL, HTML, CSS, and JavaScript. Well-versed in full-stack development concepts, RESTful APIs, and database integration. Passionate about writing clean, efficient code and creating scalable, user-friendly applications. Eager to apply problem-solving skills, collaborate in team environments, and continuously expand technical knowledge.

PROJECTS

Hirely – Job Portal Website

- **Tech Stack:**
Python (Flask), HTML, CSS, JavaScript, MySQL
- **Project Link:** <https://gitlab.com/supriyaakuleti/job-portal-web-application-hirely>
- **Description:**
 - Developed a full-stack job portal web application using Flask framework to streamline the job search and hiring process.
 - Designed and developed responsive front-end interfaces using HTML, CSS, and JavaScript.
 - Implemented Flask (Python) backend to handle user authentication, job postings, and application logic.
 - Integrated MySQL database for storing user details, job listings, and applications.
 - Developed role-based login system for job seekers, employers, and admin users.
 - Enabled functionalities like job posting, job application, resume upload, and job search with filters.
- **Key Features:**
 - Role-based access: Admin, Employer, and Job Seeker
 - Job posting, searching, and applying functionality
 - Resume upload and download option
 - Admin panel for user and job management

INTERNSHIP

Python Developer Intern

Clinchcloud Solutions

- Completed a hands-on internship focused on full-stack web development.
- Gained in-depth knowledge of HTML, CSS, JavaScript, MySQL, and Flask.
- Worked on a live project titled "Hirely – Job Portal Website", where I implemented key features like user authentication, job posting, application tracking, and resume upload. The internship enhanced my understanding of web application architecture, database connectivity, and user interface design.
